  - a) WW&LC land sold. Work on easements with new landowners.
- 6) AWSC
  - a) Lori Heideman reported that the \$3,000 life insurance policy that members receive through your AWSC membership will no longer be offered to members. The insurance company that the AWSC uses will no longer make this available to us as they are losing too much money on it. In the past it was a free service given to the AWSC.
  - b) The AWSC is talking about changing their fiscal year to July 1<sup>st</sup> - June 30<sup>th</sup>. If this is passed, it would not happen for a year or two as the bylaws would have to be changed.
  - c) The AWSC is losing money when people use credit cards in purchasing their trail pass due to the fees charged them. They may be forced to charge a convenience fee to cover the costs when you use a credit card online (possibly \$1.) They are still discussing options.
  - d) 14 fatal snowmobile crashes this season; speed and/or alcohol were factors. No deaths in Wood County this season.
  - e) Also added by Dan: He spoke with Chief Pederson from Grand Rapids and it is legal to ditch ride in the township while the trails are closed. However, the trail routes on township roads specified in the ordinance are closed when the trails are closed. So you cannot ditch ride in those areas while trails are closed.
- 7) Portage County
  - a) Rex from Portage County took charge of their bridge inventory and GPS for trails.
- 8) Wood County
  - a) Bakerville trails were open for 29 days. Issue discussed at the Marshfield airport with lights getting broken along with cutting corners. They talked about getting a trail camera.
