4. Vice Presidents Report
 - a. Membership renewal update; next batch to be sent in will be 10/14/18
 - b. ASWC made some site enhancements including a new AWSC member number lookup link.
5. Trail & Equipment Report
 - a. Josh emailed trail coordinators with some information and request that trail clean up, signing can begin. Also a request to check out the gates as they need to clear snow level when swung open. Josh has been out mowing.
 - b. WW&LC land was recently sold. Still making efforts to connect with the new owner. Dan has asked Mike Spranger to help in this effort.
6. AWSC
 - a. Machine registrations with Dealer Tax ID#'s: This is an update to last month's minutes regarding obtaining your registration when purchasing a snowmobile from a dealer. It is possible for the customer to register the snowmobile themselves by going on the DNR Go Wild website, however they would need the dealers Federal Tax ID number. One has to expect that some dealers do not feel comfortable giving out this info. The dealer info could be abused if it landed in the wrong hands. Please confirm with your dealer as to what their comfort level is and how they wish to proceed. Just be aware that if you purchase a sled and the dealer registers your sled for you, it can take weeks to get your registration for your machine. Since you need the registration number it would delay the ability to get your discounted trail pass also.
 - b. Calendar year for memberships July 1 – June 30th is now in effect.
 - c. Dan attending AWSC workshop on October 27th, 2018
 - d. Snowmobile Recreation Council met at the end of August. Good information was shared. Trail passes are making a big difference. With the additional dollars they are trying to fund some of the unfunded trails, fixing bridges, paying supplemental funding at 100%
